Chinese Shengxiao culture has a deep cultural foundation and a wide collector base in China. Since China Post issued the first Shengxiao stamp in 1980, every year at the beginning of the year when the Shengxiao stamp is issued, philatelic associations all over the country have organized and carried out a variety of Shengxiao philatelic activities, which are very popular among Chinese philatelists. As early as 1997, Suzhou founded the Shengxiao Philatelic Research Society, published a large number of Shengxiao philatelic publications, and established the world's first and currently the only Shengxiao Philatelic Museum. Suzhou has held the Shengxiao stamp issuance events for 21 consecutive years and Shengxiao philatelic exhibitions for 10 consecutive years, making significant contributions to the inheritance and dissemination of Chinese Shengxiao philatelic culture.

生肖文化在中国有着深厚的文化基础和广泛的群众基础。自1980年中国邮政发行第一枚生肖邮票以来，每年年初生肖邮票发行之际，全国各地集邮协会都纷纷组织开展丰富多彩的生肖集邮活动，深受中国集邮爱好者的喜爱。早在1997年，苏州就创办了生肖集邮研究会组织，出版了大量生肖集邮刊物，建立了世界第一座，也是目前唯一一座生肖集邮博物馆。苏州已连续21年举办生肖邮票首发活动，连续10年举办生肖集邮展览活动，为传承、传播中国生肖集邮文化做出了重要贡献。

Until now, 8 classes have already been held and those Jurors who attended have found the training very educational. In view of the success of the FIP Jury Academy, the FIAP Board has decided that it could be extended to train Jurors at the continental level. The training manual is based on the FIP Jury Academy’s material created by Lars Engelbrecht RDP et al. suitably modified for training continental level Jurors. It is a two-day course instead of three days.

The purpose of the FIAP Jury Academy’s training course is to develop the competencies of Continental Level Jurors in order to constantly improve the quality of judging at philatelic exhibitions and thereby ensuring accurate, fair and consistent judging. A secondary goal is to prepare the Jurors for future FIP apprenticeship.

The first FIAP Jury Academy training course was held on 24th and 25th November 2023 in the Bangkok NT Telecom building near the Thailand 2023 WSC exhibition venue. Fifteen Jurors and four not yet accredited Jurors attended this class. Two trainers, namely Koichi Sato and Andrew Cheung were appointed by FIAP Board to conduct the two-day training course. Prior to the start of the course, a briefing was sent to the participants outlining the purpose, where and when, time table and the preparations before coming. All participants found this briefing helpful and had made some preparations beforehand.

Day 1 of the training program is a theory session comprising pre-judging preparations, interpretation of the judging criteria, judging procedures, judging strategy and preparation of feedback to exhibitors.

Day 2 is the practical session. The participants, divided into four teams, took turn in judging three Traditional Philately class and one Postal History class exhibit. The points given to each judging criteria was discussed and comments made about the results. Another objective of the practical session was how to give good feedback to exhibitors. It was conducted by role playing with one member of the team acting as “exhibitor” and others in the team acting as “judges”. The “judges” practiced how to advice to the “exhibitor” as to how the exhibit could have been improved. All participants found the practical session extremely useful. Last item of the agenda was personal interview with the trainer regarding expectations and ways to improve the training exercise in future.

The training course concluded with a graduation ceremony with presentation of certificate of participation and an elegant FIAP Academy pin. In the evening, graduation dinner was held at a prestigious restaurant in the nearby Icon Siam shopping mall. In conclusion, the first FIAP Academy training course is deemed to be successful as well as popular, therefore, the FIAP Board will consider holding similar training classes in future.

18th NEW ZEALAND NATIONAL PHILATELIC LITERATURE EXHIBITION 2023

Norman Banfield

New Zealand National Philatelic Literature Exhibitions have been held every two years since 1989. They are at National level but overseas entries are invited. The 2023 exhibition was organised by Christchurch Philatelic Society with viewing of exhibits being on 18 November 2023 at the New Zealand Interclub One Frame Competition and Christchurch One Frame Stamp & Postcard Exhibition. It attracted 58 competitive entries from 15 different countries.

Exhibits came from New Zealand, Australia, Canada, Germany, Hong Kong, India, Japan, Kuwait, Lithuania, Norway, Singapore, Sri Lanka, Switzerland, United Kingdom and United States.

Jury was Jeff Long (Chairman), Mark Benvie and Ross Marshall – all accredited National Philatelic Literature judges.

Classes: Books/Monographs, Periodicals, Catalogues, Digital, Websites and Social Media.

Full results can be found at: nzpf.org.nz/exhibitions/exhibition-results

A comment on the procedure used for judging:

Rather than only meet just before the actual exhibition to judge the entries, in New Zealand during the month before the exhibition we send the entries to the judges who are scattered round the country, so there is ample time to evaluate each entry. After this, the judges have a weekend meeting to finalise marks and comments - this enables written comments to be provided which we hope entrants will find helpful, especially to improve periodicals and web sites.
